

Music Vision Statement

"Where words fail, music speaks." — Hans Christian Anderson

"Music touches us emotionally, where words alone can't." - Johnny Depp

"Music begins where the possibilities of language end." - Jean Sibelius

"Music produces a kind of pleasure which human nature cannot do without" - Confucius

Music is a universal language. It is all around us and promotes creativity in everyone. It allows for personal expression and speaks to us in many different ways. It is a unique way of communicating that inspires pupils; it develops confidence, thinking and creative skills and improves pupils' emotional wellbeing. The skills involved in playing and listening to music will help learners develop their self-esteem, self-discipline, cooperation, creativity, and self-motivation necessary for success. Music creates strong feelings, builds memories, develops self-confidence and leadership, and improves memory and co-ordination. It is built around enjoyment and promotes a sense of achievement and appreciation when sharing skills through performances. Through music, children will discover and develop a sense of group identity and togetherness composing, rehearsing and performing music with others. They will build on skills such as 'determination, resilience, hard-work and bravery' when performing to an audience. Music helps children to experience a sense of achievement and pride and feel part of a community.

At Fairfield Primary School, children see Music as an inspiring, engaging and active subject. During music lessons, children will explore and create sounds in many different ways, which includes the use of technology. They will learn to sing and use their voices in interesting ways. They will experience playing musical instruments, which are tuned and un-tuned and will begin to read appropriate music notation. Children will develop clear subject knowledge about how music is created, produced and communicated through a range of elements including pitch, duration, dynamics, tempo, timbre, texture and structure.

The children of Fairfield Primary School will learn to appreciate the 'language of music' by exploring and listening to the music of great composers, music from a range of cultures and across many genres to inspire and stimulate their creative minds. Fairfield pupils will experience live music whenever possible.

Music is an essential part of life; integral in the development of the whole person. Fairfield Primary School believes that the opportunity to engage in musical experiences is crucial for the development of the whole child. Learning music develops all aspects of a child's learning and these abilities are directly transferable to other areas of the curriculum, allowing them to flourish, and will be invaluable in their future life. Music encourages all children to **dream**, **believe** and **achieve**!

Music is life Music is love Music is joyful Music is peaceful Music is a journal Music has feelings Music has emotion Music tells stories Music is unpredictable Music is exciting Music holds memories Music is life Never stop the music

Tell me and I forget, teach me and I may remember, involve me and I learn. - Benjamin Franklin

MUSIC IN FOUNDATION STAGE

The EYFS framework is structured very differently to the national curriculum as it is organised across seven areas of learning rather than subject areas. This document demonstrates which statements from the 2020 Development Matters are prerequisite skills for music within the national curriculum. The most relevant statements, taken from the Early Learning Goals in the EYFS statutory framework and the Development Matters age ranges for Three and Four-Year-Olds and Reception, match the programme of study for music.

The most relevant statements for music are taken from the following areas of learning: • Communication and Language • Physical Development • Expressive Arts and Design.

In EYFS we have an integrated approach to musical learning, laying down the foundations for KS1 and KS2 where children learn more about the interrelated dimensions of music (pulse, rhythm, pitch and tempo, dynamics, timbre, structure, texture), as well as singing and playing instruments.

Children listen and respond to different stules of music. They learn to sing along with nursery rhymes and action songs: improvise play with classroom instruments and

Children listen and respond to different styles of music. They learn to sing along with nursery rhymes and action songs; improvise play with classroom instruments and share and perform the learning that has taken place.

Physical Development Expressive Arts and Design Outside Design Desi
Nursery • Respond to what they have heard, expressing their thoughts and feelings. • Remember and sing entire songs. • Sing the pitch of a tone sung by another person ('pitch match'). • Sing the melodic shape (moving melody, such as up and down, down and up) of familiar songs. • Create their own songs, or improvise a song around one they know.
Remember and sing entire songs. Sing the pitch of a tone sung by another person ('pitch match'). Sing the melodic shape (moving melody, such as up and down, down and up) of familiar songs. Create their own songs, or improvise a song around one they know.
 Remember and sing entire songs. Sing the pitch of a tone sung by another person ('pitch match'). Sing the melodic shape (moving melody, such as up and down, down and up) of familiar songs. Create their own songs, or improvise a song around one they know.
 Sing the melodic shape (moving melody, such as up and down, down and up) of familiar songs. Create their own songs, or improvise a song around one they know.
• Create their own songs, or improvise a song around one they know.
Disconsistent with the second of the second
• Play instruments with increasing control to express their feelings and ideas.
Communication and • Listen carefully to rhymes and songs, paying attention to how they sound
Language • Learn rhymes, poems and songs.
Physical Development • Combine different movements with ease and fluency.
Expressive Arts and • Explore, use and refine a variety of artistic effects to express their ideas and feelings
Design • Return to and build on their previous learning, refining ideas and developing their ability to represent them.
Reception • Create collaboratively, sharing ideas, resources and skills. • Listen attentively, move to and talk about music, expressing their feeling responses.
• Sing in a group or on their own, increasingly matching the pitch and following the melody.
• Explore and engage in music making and dance, performing solo or in groups.
Being imaginative and • Sing a range of well-known nursery rhymes and songs.
Expressive • Perform songs, rhymes, poems and stories with others, and (when appropriate) try to move in time with music.

Early learning Goals: Children sing songs, make music and dance, and experiment with ways of changing them. They represent their own ideas, thoughts and feelings through design and technology, art, music, dance, role play and stories.
