POLICY STATEMENT

Fairfield Primary School is an inclusive school where we focus on the well-being and progress of every child and where all members of our community are of equal worth. We believe that the Equality Act provides a framework to support our commitment to valuing diversity, tackling discrimination, promoting equality and fostering good relationships between people. It also ensures that we continue to tackle issues of disadvantage and underachievement of different groups.

We recognise that these duties reflect international human rights standards as expressed in the UN Convention on the Rights of the Child, the UN Convention on the Rights of People with Disabilities, and the Human Rights Act 1998.

DEFINITION

Our approach to equality is based on the following 7 key principles;

- All learners are of equal value. Whether or not they are disabled, whatever their ethnicity, culture, national origin or national status, whatever their gender and gender identity, whatever their religious or non-religious affiliation or faith background and whatever their sexual orientation.
- We recognise, respect and value difference and understand that diversity is a strength. We take account of differences and strive to remove barriers and disadvantages which people may face, in relation to disability, ethnicity, gender, religion, belief or faith and sexual orientation. We believe that diversity is a strength, which should be respected and celebrated by all those who learn, teach and visit our school.
- We foster positive attitudes and relationships. We actively promote positive attitudes and mutual respect between groups and communities different from each other.
- We foster a shared sense of cohesion and belonging. We want all members of our school community to feel a sense of belonging within the school and wider community and to feel that they are respected and able to participate fully in school life.
- We observe good equalities practice for our staff. We ensure that policies and procedures benefit all employees and potential employees in all aspects of their work, including in recruitment and promotion, and in continuing professional development.
- We have the highest expectations of all our children. We expect that all pupils can make good progress and achieve to their highest potential
- We work to raise standards for all pupils, but especially for the most vulnerable and protected groups. We believe that improving the quality of education for the most vulnerable groups of pupils raises standards across the whole school

PURPOSE OF THE POLICY

The Equality Act 2010 was introduced to ensure protection from discrimination, harassment and victimisation on the grounds of specific characteristics (referred to as protected characteristics). This means that schools must not unlawfully discriminate against pupils on the grounds of a protected characteristic, including sex, race, disability, religion or belief, gender reassignment or sexual orientation.

Age and marriage and civil partnership are also “protected characteristics” but are not part of the school provisions related to pupils.

The Act requires all public organisations, including schools to comply with the Public Sector Equality Duty and two specific duties;

The Public Sector Equality Duty or “general duty”

This requires all public organisations, including schools to;

- Eliminate unlawful discrimination, harassment and victimisation
- Advance equality of opportunity between different groups
- Foster good relations between different groups

This requires all public organisations, including schools to;

- Publish information to show compliance with the Equality Duty
- Publish Equality objectives at least every 4 years which are specific and measurable

This policy describes how the school is meeting these statutory duties and is in line with national guidance. It includes information about how the school is complying with the Public Sector Equality Duty and also provides guidance to staff and outside visitors about our approach to promoting equality.

Appendix 1 is a checklist of key equality considerations

Development of the Policy

This policy was developed in consultation with pupils, staff, governors and parents and carers. It is part of our commitment to promoting equalities and providing an inclusive school. When developing the policy we took account of the DfE guidance on the Equality Act 2010 and current Ofsted inspection expectations relating to inclusion, safeguarding, behaviour and attitudes, personal development and outcomes for pupils.

We note that OFSTED has a statutory duty to report on the outcomes and provision for pupils who are disabled and those who have special educational needs and disabilities (SEND).

LINKS TO OTHER POLICIES AND DOCUMENTATION

Although this policy is the key document for information about our approach to equalities in line with the Public Sector Equality Duty, we ensure that information about our responsibilities under the Equality Act are also included, where necessary, in our School Development Plan, Self-Evaluation Form, website and regular newsletters.

Where necessary, there are also references in the Behaviour, Admissions, SEND, Anti- Bullying, Child Protection and Safeguarding, Accessibility Plan and SEND Information Report policies and documentation as well as minutes of meetings involving governors.

The Equality Act also applies to schools in their role as employers, and the way we comply with this are found in our Recruitment Policies.

WHAT ARE WE DOING TO ELIMINATE DISCRIMINATION, HARASSMENT AND VICTIMISATION?

- We take account of equality issues in relation to admissions and exclusions; the way we provide education for our pupils and the way we provide access for pupils to facilities and

services.

- We are aware of the Reasonable Adjustment duty for disabled pupils – designed to enhance access and participation to the level of non-disabled pupils and stop disabled children being placed at a disadvantage compared to their non-disabled peers.
- The Head Teacher ensures that all appointment panels give due regard to this policy so that no one is discriminated against when it comes to employment, promotion or training opportunities.
- We ensure that those who are affected by a policy or activity are consulted and involved in the design of new policies, and in the review of existing ones.
- We take seriously the need to consider the equality and safeguarding implications when we develop, adapt and review any policy or procedure and whenever we make significant decisions about the day to day life of the school.
- We actively promote equality and diversity through the curriculum and by creating an environment which champions respect for all. We are committed to creating an inclusive school environment where all pupils, staff and members of the school community feel safe, respected and valued. Equality, diversity and inclusion are viewed as integral to safeguarding, wellbeing and educational achievement.
- Where a pupil may be questioning their gender, the school will respond sensitively, respectfully and on an individual basis. The school will consider the pupil's wellbeing and best interests, its safeguarding responsibilities, its duties under the Equality Act 2010 and Human Rights Act 1998, and the potential impact of any decision on the pupil and other pupils. Decisions will take account of safeguarding responsibilities, the wellbeing of the pupil, legal duties, the views of parents and carers where appropriate, and relevant national guidance. The school will work collaboratively with families and external professionals where necessary to ensure support is provided in the best interests of the child. The school will not adopt a blanket approach and will consider each situation according to the individual circumstances of the child. Particular regard will be given to the considerations set out in KCSIE 2026 regarding children who are pre-pubertal, including the importance of considering whether social transition is in the child's best interests. Decisions will be appropriately recorded, including the rationale for the decision, and kept under review.
- The school will ensure that toilet facilities are managed in a way that takes account of safeguarding responsibilities, privacy, dignity, legal obligations and the needs of all pupils. Any arrangements will be considered on an individual basis and reviewed as appropriate.
- Our admissions arrangements are fair and transparent, and we do not discriminate against pupils by treating them less favourably on the grounds of their sex, race, disability, religion or belief, sexual orientation, gender reassignment.

BEHAVIOUR, EXCLUSIONS AND ATTENDANCE

The school policy on Positive Behaviour takes full account of the duties under the Equality Act. We make reasonable, appropriate and flexible adjustment for pupils with a disability.

We closely monitor attendance, exclusions, suspensions, behaviour and safeguarding data for evidence of disproportionate impact on particular groups and take action promptly where concerns are identified.

ADDRESSING PREJUDICE AND PREJUDICE BASED BULLYING

The school challenges all forms of prejudice and prejudice-based bullying, which stand in the way of fulfilling our commitment to inclusion and equality:

- Prejudices around disability and special educational needs
- Prejudices around race, religion or belief, for example anti-Semitism and Islamophobia,
- Travellers, migrants, refugees and people seeking asylum
- Prejudices around gender and sexual orientation, including homophobic and transphobic attitudes

The school recognises that discriminatory behaviour, prejudice-based bullying, harassment and harmful online behaviour may constitute safeguarding concerns. Such incidents will be addressed through the school's behaviour, safeguarding and child protection procedures where appropriate.

The school will challenge discriminatory language, online abuse and prejudice-based incidents whether they occur in school, online or in connection with school life. Incidents will be recorded, monitored and addressed appropriately.

There is guidance in the Safeguarding Policy and Procedures on how prejudice-related incidents should be identified, assessed, recorded and dealt with. We treat all bullying incidents equally seriously.

We keep a record of different prejudice-related incidents and provide a report to the governors about the numbers, types and seriousness of prejudice-related incidents at our school and how we dealt with them. We review this data half termly and take action to reduce the number of incidents

WHAT WE ARE DOING TO ADVANCE EQUALITY OF OPPORTUNITY BETWEEN DIFFERENT GROUPS?

- We know the needs of our school population very well and we have procedures, working in partnership with parents and carers, to identify children who have a disability through our pupil admissions meetings.

- We collect data and analyse progress and outcomes of different groups of pupils and use this data to support school improvement. We take action to close any gaps.
- We also collect, analyse and use data in relation to attendance and exclusions of different groups.
- We avoid language that runs the risk of placing a ceiling on any pupils' achievement or that seeks to define their potential as learners, such as "less able". We seek to identify and remove barriers to participation, learning and achievement so that pupils with protected characteristics, disabilities and additional needs can access the full life of the school.
- We are aware that the legislation relates mainly to current but also to future pupils – we will for example, be sufficiently prepared if a Visually Impaired, Hearing impaired or Gypsy Roma Traveller pupil joins our school.
- We use a range of teaching strategies that ensures we meet the needs of all pupils.
- We provide support to pupils at risk of underachieving.
- We are alert and proactive about the potentially damaging impact of negative language in matters such as race, gender, disability and sexuality.
- We ensure equality of access for all pupils to a broad and balanced curriculum, removing barriers to participation where necessary.

The school maintains an Accessibility Plan designed to:

- increase the extent to which disabled pupils can participate in the curriculum;
- improve the physical environment of the school;
- improve the availability of accessible information.

The Accessibility Plan is reviewed regularly and supports the school's commitment to removing barriers to participation and promoting equality of opportunity for disabled pupils.

In addition to avoiding or minimising possible negative impacts of our policies, we take opportunities to maximise positive impacts by reducing and removing inequalities and barriers that may already exist between, for example:

- Disabled and non-disabled people
- People of different ethnic, cultural and religious backgrounds
- Girls and boys

POSITIVE ACTION

We will take positive and proportionate action to address the disadvantage faced by particular groups of pupils with particular protected characteristics, such as targeted support.

What we are doing to foster good relations?

- We prepare our pupils for life in a diverse society and ensure that there are activities across the curriculum that promotes British Values, spiritual, moral, social and cultural development of our pupils.
- We teach about difference and diversity and the impact of stereotyping, prejudice and discrimination through PSHE, Citizenship and across the curriculum.
- We use materials and resources that reflect the diversity of the school, population and local community in terms of race, gender, sexual identity and disability, avoiding stereotyping.
- We promote a whole school ethos and values that challenge prejudice based

discriminatory language, attitudes and behaviour.

- We provide opportunities for pupils to appreciate their own culture and celebrate the diversity of other cultures.
- We include the contribution of different cultures to world history and that promote positive images of people
- We provide opportunities for pupils to listen to a range of opinions and empathise with different experiences
- We promote positive messages about equality and diversity through displays, assemblies, visitors, whole school events
- We encourage respectful discussion and understanding of differing views, beliefs and experiences whilst promoting equality, dignity and mutual respect.

OTHER WAYS WE ADDRESS EQUALITY ISSUES

- We have a rolling programme for reviewing all of our school policies in relation to equalities and their impact on the progress, safety and wellbeing of our pupils. The implications for equalities of new policies and practices are considered before they are introduced.
- In order to ensure that the work we are doing on equalities meets the needs of the whole school community we:
 - Review relevant feedback from the annual parent questionnaire, parents' evening & parent- voice
 - Analyse responses from staff surveys
 - Review feedback and responses from the children and groups of children from Pupil Voice.
- Ensure that we secure responses and feedback at Governing Body meetings

PUBLISHING EQUALITY OBJECTIVES

The objectives which we identify represent our school's priorities and are the outcome of a careful review of and analysis of data and other evidence. They also take into account national and local priorities and issues.

We evaluate our success in meeting the Public Service Equality Duties by the extent to which we achieve improved outcomes for the different groups. We produce data Analysis which informs our discussions about the Equality Objectives.

MONITORING AND REVIEWING OBJECTIVES

The monitoring of the objectives takes place through the School Improvement Plan monitoring activities and is reported to governors termly.
